James Mumo

+2547 435 974 68 | mumojames98@gmail.com | Nairobi, Kenya | mumo.vercel.app

Professional Summary

Software Engineer with a focus on Fullstack Development utilizing **React, Vue**, **Express**, **Node.js** and **SpringBoot** as well as mobile development using **Kotlin**, **Java**, and **React Native.** Aspiring DevOps Engineer with familiarity in AWS and Cloud Infrastructure.

Skills

- React
- NodeJS
- Java/Kotlin

- SpringBoot
- Javascript
- CI/CD

- Epress.JS
- Typescript
- Containerization

Experience

Junior Software Engineer   **March 2023 - Current**

Freelancer, Nairobi, Kenya

- *I specialize in building custom software solutions using React, Node.js, and Express. I work remotely with clients to understand their requirements and provide updates on project progress based on agreed-upon deliverables and milestones until the final software solution meets their needs.*

Education

Bachelor of Science (B.S.): Computer Science - Gretsa University, Thika, Kenya   **November 2023**

- During my time in university, I learned about data structures and algorithms, object-oriented programming, and various app development architectures for web and Android platforms, including networking basics. These skills equipped me with a strong foundation for developing software applications.

Certificate: Introduction to Computer Hardware & MS Packages - St Mary's IT School, Mombasa, Kenya   **April 2018**

- I gained a solid understanding of computer hardware and the Microsoft Office suite, including Excel, PowerPoint, and Word.

Accomplishments

- Won Regional University Hackathon held at Gretsa University in July, 2022.
